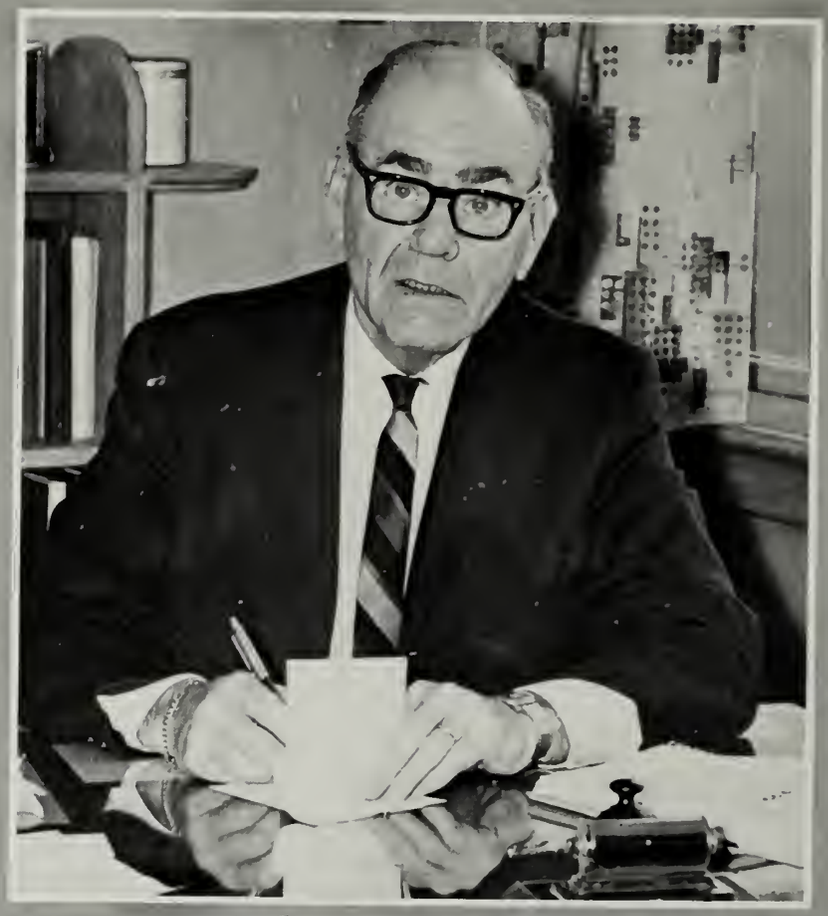
In Memoriam



Ashton F. Davis
1906-1973

Mr. Davis, also known as "Mr. Chips" because of his devotion to and understanding of the children of Saugus, was a teacher and administrator for thirty-two years in the town. The people of Saugus will never forget this Harvard educated man with his soft-spoken manner.

ADVISOR — HELEN FRANCES TOWLE

Superintendent

Dr. William E. Kelly

June 1973

TO THE MEMBERS OF THE CLASS OF 1973:

May I take this opportunity to add my sincere best wishes to you as your career as a student at Saugus High draws to a close and you prepare to cope with the chronic social problems of today's adult world.

I would ask that you pause a moment to reflect upon the responsibilities of the school toward you individually and toward society in general.

The mandate of the school is two-fold: first, we have attempted to give you the basic skills necessary to pass the ever more difficult technical examinations; and secondly, we are expected to equip you with the ability to become a responsible citizen capable of making value judgments on the basis of factors other than self-serving interests.

For many years we were forced to be so concerned about our personal security that we couldn't concern ourselves with others. all that has now changed at every level of society.

Management finds that its personnel must not only be highly trained in technical and professional skills, but also must have an awareness of the psychology and dynamics of individual and group behavior. Further, sensitivity to other cultures and races is a practical necessity for effective functioning in business and society.

These are the tasks traditionally seized of the schools. In the words of Horace Mann, "Schools must serve as the great equaliser of the conditions of men--the balance wheel of the social machinery." Education must serve as the catalyst for change in our society. There is simply no other institution in society capable of serving this function.

It is our hope that your contribution will make the society you will inherit a better one than has been left by the older generation.

Sincerely,

DR. WILLIAM E. KELLY

To The Class of 1973:

Greduetion is a time for rejoicing and celebrating because it terminates the longest shared experience you will heve. It is a time to look beck on the experiences of yesterday, es well es to look forward to the hopes and desires of the future. It is a time to stec back and peruse the whole canvass of your life and like the artist, to observe the tones which highlight end shedow your career.

As you evaluete these experiences, make certain that they have had some meaning for you to proceed with more talented judgements, as to your future plens. Each mistake, each accomplisment, each life experience should be e stepping stone to greater achievements. Your road to success is only as smooth as the use you have made of each brick of experience you have pleced in it.

I wieh to extend my heartiest good wishes to the Class of 1973. My hope for you is only whet you desire. I know you will bring credit to yourself and Saugus High School.

Sincerely,
Robert J Fraser

The Class of 1973
dedicates this yearbook to
MISS HELEN FRANCES TOWLE
on her retirement

Miss Towle not only gave dedicated service to her teaching responsibilities, but unselfishly gave of herself to the many tasks required as a Department Head and more recently, Coordinator of Languages.

Under the advisorship and guidance of Miss Towle, the Tontoquonian has become an outstanding example of dignity and excellence.

IN MEMORIAM

GARY DREW
1953-1973

"Death to me means, loving life more, being more aware of life, of one's fellow human beings, of the earth.
It means obliterating, in a curious but real way, the ideas of evil and hate and the enemy, and transmuting them, with the alchemy of suffering, into ideas of clarity and charity.
It means caring more and more about other people, at home and abroad, all over the earth.
It means caring more about God.
I hope we can love him more and more till we too die, and leave behind us, as He did, the love of love, the love of life."

Frances Gunther

IN MEMORIAM

LISA POLESE
1955-1971

I cannot rest from travel:
I will drink life to the lees:
All the times I have enjoyed greatly,
Have suffered greatly, both with
those that loved me and alone;
For always roaming with a hungry heart
Much have I seen and known; cities of
men and manners, climates, councils,
governments
Myself not least, but honored of
them all;
I am part of all that I have met.
For my purpose holds to sail beyond the
sunset
And the baths of all the western stars
until I die
It may be that the gulfs will wash us down:
It may be that we shall touch the Happy
Isles.
Though much is taken, much abides
And though we are not now that strength
which in the old days moved earth and
heaven;
That which we are, we are.
One equal temper of heroic hearts,
Made weak by time and fate, but strong in
will
To strive, to seek, to find, and not to yield.

Tennyson

Scott Marcy

On October 13, 1971 Scott fractured his neck during football practice. At the time, Scott was a starting defensive back on the Junior Varsity team and would have been a starting Varsity back on the 1972 team.

After a series of operations, some rare, excellent treatment and care at Massachusetts General Hospital and the New England Rehabilitation Center, Scott returned to school, after winter vacation, quite adept at maneuvering his electric wheelchair.

Scott, his parents and friends, must question why accidents of this nature occur to vibrant young people or to anyone at all. Not everyone would have had the determination and exemplary courage to fight back and make the progress Scott has made. With his fortitude and new findings in spinal cord research, Scott will continue to progress.

Scott and his family have set an example of courage and christian charity for the graduating class of 1973 and all of us.

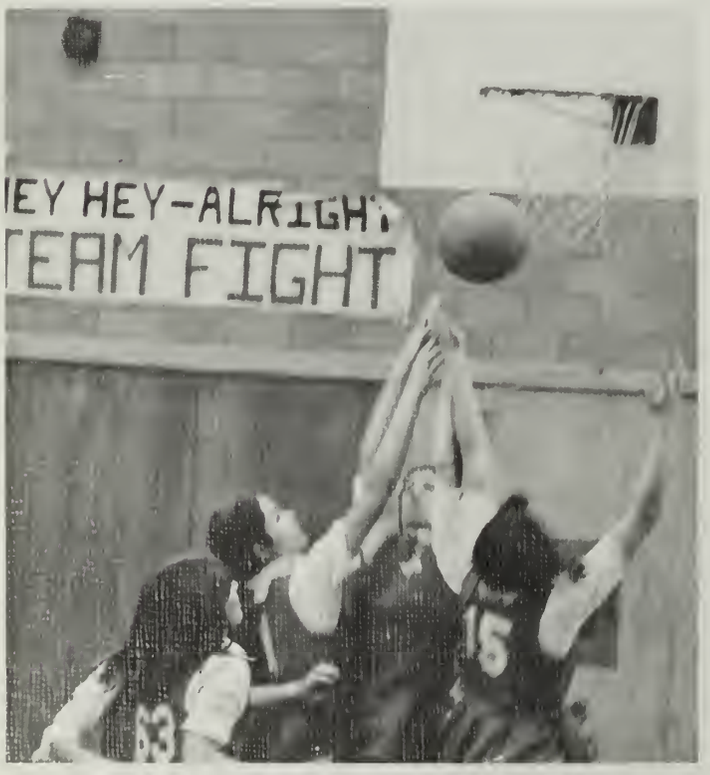
The 1972-1973 wrestling team was in their first competitive season ever in the high school. They came out on top with an impressive first year record of 7-4-2.

This year's inexperienced team relied on determination and attitude to compile their record.

Competing well in their last year were Andy Valeri, co-captain, Don Bly, Paul Simonsen, John Pulver, Jim Denning, Bruce Amero, Steve Bourgeois, Rick Conway, Rick Fiorvanti, Vinnie DiNunno, Steve Seminerio, co-captain, Pat Shay, Logay Hayes, Paul Palermo, and Steve Romejko.

Girl's Basketball

1st row: Terry Grenne, Judy Tremblay, co-capt., Wendy Waybright, co-capt., Teri Colyer, Debbi Kornotowski. *2nd row:* Joan Romejko — manager, Betty Hubner, Lynda Galvin. Laura Spinney, Margaret Crotty, Felice Napolitano, Joanne Maheris — manager.



High scorers for the season were: Wendy Waybright Waybright with 159 points and Judy Tremblay with 148 points. Both girls broke the school record for most points scored in one season.

You're about to take a giant step forward into your future.
We think we can make it the bright one you want it
to be at New England Telephone. With a job that's every
bit as big as your ambition. You see, we need people.
With all kinds of talents. And especially, people who
really want to get going with their future. And want to
be rewarded with automatic raises. If you want
a job and a future that's tailored to your talent...
along with unusually generous fringe benefits, stop
in and see your guidance counselor. Ask when and
where you can apply for an interview with the people
who want to make your future as happy as you want
it to be.

Life is it's own reward;
Live it the way you feel.
But if the cards turn bad
Remember you had the deal.

You can make it or not,
It's all up to you.
But the scenes not all bad
And there's plenty to do.

Take up the challenge
You've only just begun,
And make sure each tomorrow
Has a brighter sun.

Congratulations!

What are you doing after school?

Some of your friends will be going away to college. Others to jobs. What are your plans?

If you haven't made any yet, consider a job with today's Army.

It's a chance to catch your breath. A chance to find out what you want out of life before plunging in. A chance to find yourself before beginning the daily routine of a regular job, or another four years of study.

If you've just finished high school, today's Army can be a rewarding pre-college alternative. More rewarding in many ways than pumping gas, bagging groceries, or marking time in the company stockroom.

Today's Army is more than a place to mark time. It's a place where you can train, learn, have a responsible job, meet people, travel, and mature.

Think of a job with today's Army not as an interruption in your life, but the beginning of a meaningful career. In the Army, or in civilian life.

TODAY'S ARMY WANTS TO JOIN YOU
